The 1988 Elba Tiger majorettes attended Sunnyside Twirling Camp at Panama City Beach, Fla., June 12 - 16. The girls received over 30 hours of training in baton dance twirl, fire baton, stunts, modeling and marching. Competition was held the last day of camp, with all the girls competing and demonstrating routines they had learned. During the individual marching competition for the 7th and 8th grade division, Tiffany Tew placed 5th; Julie Bowers placed 4th for the 9th grade division. Both girls received gold medals for their performances. The Elba majorettes brought home a trophy for the most improved group at camp. All expenses of majorette camp were paid by the majorette parents.

By Ferrin Cox

This is the season for fresh vegetables and I kinda like it. We hear this country music song about "If Heaven A'in't Like Dixie I Don't Wanta Go"; well that is about the way we feel about fresh tomatoes. We dearly love to eat a fresh mater sandwich, slice them up with a plate of fresh peas, quarter and top the whole thing with cottage cheese; or dip into a pot of cooking tomatoes being prepared for the freezer. Friend, we like maters and eat our fair share of them during this time of the year!

We congratulate Elba native Linda Coon Wilson upon being named as president of the technical school in Eufaula. This young lady graduated from Elba High School and has continued to move upward in the education field. Not only is she smart and successful in her profession, but she always has time for a smile and friendly words whether we bump into her on the streets, on her job, at numerous meetings or in an airport catching the plane to speak at a Washington conference. Go Linda!

The mayor of Florala continues to make the news, much to the embarrassment of many Florala citizens. He gets into deeper and deeper trouble and now there is the Alabama Attorney General and a grand jury report urging he be removed from office. Our dogs ain't in that hunt but we do have opinions on that whole mess down there. Being a native of Florala and knowing each of the members of that group, we feel a little bit more than a passing interest. Mayor H. T. Mathis has done a bunch of things wrong we doubt even he would deny this. However, he ain't the only problem down there; he has five council members who must share part of the blame. When you see 3-3 vote splits constantly and on such things as "what time the council should meet on important matters", and there is never a compromise, we get the impression there are too many wanting to be the leader of the pack and not enough members big enough or secure enough to work with some sort of compromise. That community is desperately short of tax money to run the city, yet they are still in the class action federal voter redistricting suit mainly because the group couldn't agree on meeting at 6 p.m. or 7 p.m. . . . they split 3-3 on those two times and therefore a majority of the group was never present at either time. One member mature enough to compromise would have prevented this problem. Therefore when they could have gotten out of the suit for a cost of three or four thousand dollars, those Florala taxpayers, who can't do anything else right now, will face a bill for over \$20,000 plus the charges of their own lawyers, and they can't even hold their city elections because of the federal suit. The list is long, but they all follow this pattern and the 3-3 group changes from time to time when one member gets miffed with another member. We call many of these people and/or their spouse "friend" but that doesn't excuse the fact they have failed in their

Newspaper columnist Carl Rowan, who writes about Washington politics, has written and talked against handguns. Well recently he used one to shoot a young man in the hand. The victim and a female companion had decided one night to take a swim in Rowan's swimming pool. Rowan says he got up out of bed and told them to leave but the young man came toward him and he fired, hitting the trespasser in the hand. Now we are not part of the crowd badmouthing Rowan; it was his home, the middle of the night and a stranger got out of his pool wearing only his underwear and was moving toward the homeowner. The young man said on TV this week that he didn't think the man should have shot him. Of course he said that, Bonnie and Clyde probably would have said the same thing if someone had been nice enough to only shot them in the hand. We think he should be giving thanks to Rowan for not hitting him square in the chest with that shot. By the way Rowan is black and the "victim" happens to be white.

> The Zoning Board of the City of Elba net Tuesday afternoon, June 21, for the purpose of hearing a request for rezoning a piece of property on North Claxton (Brantley Highway) from R-1 single family residents to MH-1 or for a mobile home park. A request from Mr. Roland Powell was presented by Chairman Bar-

ry Giles. Powell was not present at the hearing, nor was anyone present speaking in behalf of the change. There was a group of six area property owners who were there protesting the change. Also Giles presented board members copies of a petition opposing the change. I was signed by 19 residents of the area, with three of the 19 being "Mr. and Mrs." which would have extended the number to 21 if they had signed individually. Once the board members had read the petition and heard the com-

plaints of those present, a motion was made to recommend to the city council that the request for change to MH-1 be turned down. The motion was made by Mayor Bob English, seconded by Glen Vaughan and approved unanimously. The other two members present for the meet ing were Everett Kelley and Mrs.

ANSWERS! TO YOUR **BIBLE QUESTIONS**

If God is omnipresent, or every where, does that mean that he is in the beer joints, and wicked

Bob Prichard

The scriptures very clearly teach that God is omnipotent, or "all powerful;" omniscient, or "all knowing;" and omnipresent, or "all present." David very clearly affirmed that God is omnipresent in the 139th psalm. "O Lord, thou hast searched me, and known me. Thou knowest my downsitting and mine uprising, thou understandest my thought afar off... Whither shall I go from thy spirit? or whither shall I flee from thy presence? If I ascend up into heaven, thou art there: if I make my bed in Sheol, thou art there. If I take wings of the morning and dwell in the uttermost parts of the sea; even take wings of the morning and dwell in the uttermost parts of the sea; even there shall thy hand lead me, and thy right hand shall hold me" (Psalm 139:1-2, 7-10). This attribute of God is diffucit to understand, since we as human beings are limited by time and space. But God knows none of these limitations, because He is a spiritual being. Jesus said, "God is a Spirit: and they that worship him must worship him in spirit and in truth" (John 4:24)

Many men have sought to escape from the presence of God. Jonah is ar Many men have sought to escape from the presence of God. Jonah is an example. God commissioned Jonah to go and preach to the wicked city of Nineveh, but Jonah 1:3 tells us, "But Jonah rose up to flee unto Tarshish from the presence of the Lord, and went down to Joppa, and he found a ship going to Tarshish: so he paid the fare thereof and went down into it, to go with them unto Tarshish from the presence of the Lord." Jonah could not successfully flee from God's presence. When Adam and Even spread, they successfully flee from God's presence. When Adam and Eve sinned, they sough to hide themselves from God, but they were unsuccessful. Yes, God is there in the beer joint, aware of every man's wickedness. "The eyes of the d are in every place, beholding the evil and the good: (Proverbs 15:3). God is not in the wicked places because He likes the wickedness. God hates sin. It is an abomination in His sight. But because of His transcendent na ture, "the eyes of the Lord are in every place." This fact should help men to resist sin and temptation, because nothing can be hidden from God, no mat-

ter how much man wants to hide it. God's omnipresence is a great blessing to man. As Paul told the men of Athens, "God that made the world and all things therein, seeing that he is Lord of heaven and earth, dwelleth not in temples made with hands . . . and hath made of one blood all nations of men . . . That they should seek ater the Lord, if haply they might feel ater him, and find him, though he be not ar from every one of us: for in him we live, and move, and have our being (Acts 17:24, 26, 27). Our attitude to God's omnipresence should be that of David, "Search me, O God, and know my heart: try me, and know my thoughts: And see if there be any wicked way in me, and lead me in the way everlasting" (Psalm 139:23-24).

Views From

THE PRESSIBOX

By Ricky Mularz, Editor

Swimming lessons were held recently at the City Pool and among the dozen or so kids taking part was my little five-year old Melissa. I had my doubts about Melissa actually learning to swim and some serious doubts about whether or not a lifeguard would be able to put up with my little girl for an hour a day for eight days. All the worrying proved unwarranted; however, because Melissa is swimming like a little fish and the lifeguard is still sane enough to be on the job!

BASEBALL PLAYERS OF THE YEAR

The Dixie Youth and Babe Ruth Baseball Leagues ended their seasons recently and again this summer I chose a player from each league as a "Player of the Week." The players picked were chosen after looking at the scorebooks and while I'll admit the books could have been wrong a few times, this week's honored players were picked after much thought, examination of the books and discussions with umpires who worked the games. Every single player who played throughout the summer deserves credit, but only one player in each league can be chosen as "Player of the Year" and

In Dixie Youth the honored player is Chris Hodge, of the Astros. Chris played for his father, which is never easy, and played pitcher and shortstop night, July 7 in the tourney's openfor the league champs. As a pitcher, Chris was one of the tops in the league and in the infield he was a stopper who seldom made an error. At the plate, Chris was almost impossible to strikeout and on the bases he was a demon who always left a cloud of dust after a head-first slide. Chris Hodge played the game as hard as he could and was always ready to do what it took to win!

In Babe Ruth the honoree is Joe Johnson, of the Reds. Joe has been involved in the youth leagues in Elba since he was just a little kid and while he was always a good player, he never seemed to make the all-stars and was often overlooked when it came time to pass out the honors. This year; however, Joe was a dominant player in the league hitting, pitching and fielding and his attitude was simply great! Joe led the league in batting by hitting over .500, was perhaps the top, if not the most consistent pitcher in the league and played almost every position on the field. He was what a team player is all about and is truely deserving of the honor!

I know there are many good players in both leagues and this honor doesn't mean that these two are the best, it simply means that from my viewpoint and the viewpoint of some others these two players were tops

ALL-STAR GAMES COULD BE INTERESTING

It's All-Star time in Elba for the players in the Dixie Youth and Babe Ruth Baseball Leagues and even though practices have just started, I've got a feeling it's going to be an interesting couple of weeks. Here's a short pre-

In Dixie Youth the all-stars seem to be a little short on both hitting and pitching, but appear to be loaded with competitors and sometimes that competitive edge can mean a lot. The tourney will be played in Elba beginning July 14 and this year the teams like Elba, Greenville and Brunlidge won't have to be quite so worried about the powerhouse from Troy, It's not that I think Troy won't be just as good as ever, it's just that Troy will place two teams in this year's tourney instead of one and by dividing up the talent it looks on paper like the others teams may have at least a shot! Now back to Elba, the all-stars have probably the youngest team in years with three 10-year olds on the 13 man roster and only two returning players from last year's squad. If the Elba players can get off to a good start and build up some confidence they could surprise some folks, but the practices this year will be more important than ever.

The 13-Year Old Babe Ruth squad didn't have enough players to even fill up its 15-man roster, but don't feel sorry for the kids quite yet. This year's all-stars may have the best shot at winning the title than any team in years and if they can get some pitching, watch out! The youngsters seem to be loaded with hitters and shouldn't have any trouble scoring runs, so, if one of the team's three pitchers can come through a trip to state may be closer than you think.

The 14-15 Year Old Babe Ruth team has been hard at work for over a week and from early reports the squad is beginning to take shape. The allstars are loaded with pitchers, no less than seven players on the 15-man roster have pitched, and if the players can hit the ball and play good defense they could very well have a shot at a return trip to state, who knows!

The 13-year olds play next week in Opp in District action, while the 14-15 year olds and the Dixie Youth squad will play at the same time, with the DYL team hosting the tourney and the Babe Ruth squad traveling to Andalusia. I know it will be hard to watch both teams at the same time, but at least make an attempt to go out and watch a couple of games to let the players know you are proud of them and are pulling for'em!

SANDERS DISAPPOINTED, BUT ENJOYED TRIP

Elba's Troy Sanders didn't get to play in the recent Alabama-Mississippi football game in Mobile and I'm sure he was disappointed, but that didn't stop him from having a good time! Troy spent over a week in Mobile enjoying all the banquets, attending balls with girls from the Magnolia Trail and taking tours, and also brought home his game jersey, souvenirs and the official game watch. I know Troy would have liked to play, but at least he got to take part in the activities as an honored member

IN CLOSING

The high school football season is just around the corner and at last glimpse the Elba Tigers still had only 9 games on their schedule since the loss of Clayton. The Tigers are hunting another game, but with folks like Cottonwood, Opp, Andalusia, Troy, Brundidge and Daleville on the schedule, not to mention area foes Luverne, Rehobeth and Louisville, Coach Wood isn't looking for another bully to pick on. Oh well, it'll be here

Views From

By Ricky Mularz, Editor

Swimming lessons were held recently at the City Pool and among the dozen or so kids taking part was my little five-year old Melissa. I had my doubts about Melissa actually learning to swim and some serious doubts about whether or not a lifeguard would be able to put up with my little girl for an hour a day for eight days. All the worrying proved unwarranted; however, because Melissa is swimming like a little fish and the lifeguard is still sane enough to be on the job!

BASEBALL PLAYERS OF THE YEAR

The Dixie Youth and Babe Ruth Baseball Leagues ended their seasons recently and again this summer I chose a player from each league as a "Player of the Week." The players picked were chosen after looking at the scorebooks and while I'll admit the books could have been wrong a few times, this week's honored players were picked after much thought, examination of the books and discussions with umpires who worked the games. Every single player who played throughout the summer deserves credit, but only one player in each league can be chosen as "Player of the Year" and

In Dixie Youth the honored player is Chris Hodge, of the Astros. Chris played for his father, which is never easy, and played pitcher and shortstop for the league champs. As a pitcher, Chris was one of the tops in the league and in the infield he was a stopper who seldom made an error. At the plate, Chris was almost impossible to strikeout and on the bases he was a demon who always left a cloud of dust after a head-first slide. Chris Hodge played the game as hard as he could and was always ready to do what it took to win!

In Babe Ruth the honoree is Joe Johnson, of the Reds. Joe has been involved in the youth leagues in Elba since he was just a little kid and while he was always a good player, he never seemed to make the all-stars and was often overlooked when it came time to pass out the honors. This year; however, Joe was a dominant player in the league hitting, pitching and fielding and his attitude was simply great! Joe led the league in batting by hitting over .500, was perhaps the top, if not the most consistent pitcher in the league and played almost every position on the field. He was what a team player is all about and is truely deserving of the honor!

I know there are many good players in both leagues and this honor doesn't mean that these two are the best, it simply means that from my viewpoint and the viewpoint of some others these two players were tops and the coaches hope the combina-

ALL-STAR GAMES COULD BE INTERESTING

It's All-Star time in Elba for the players in the Dixie Youth and Babe Ruth Baseball Leagues and even though practices have just started, I've got a feeling it's going to be an interesting couple of weeks. Here's a short pre-

In Dixie Youth the all-stars seem to be a little short on both hitting and pitching, but appear to be loaded with competitors and sometimes that competitive edge can mean a lot. The tourney will be played in Elba beginning July 14 and this year the teams like Elba, Greenville and Brunlidge won't have to be quite so worried about the powerhouse from Troy. It's not that I think Troy won't be just as good as ever, it's just that Troy will place two teams in this year's tourney instead of one and by dividing up the talent it looks on paper like the others teams may have at least a shot! Now back to Elba, the all-stars have probably the youngest team in years with three 10-year olds on the 13 man roster and only two returning players from last year's squad. If the Elba players can get off to a good start and build up some confidence they could surprise some folks, but the prac-

tices this year will be more important than ever. The 13-Year Old Babe Ruth squad didn't have enough players to even fill up its 15-man roster, but don't feel sorry for the kids quite yet. This year's all-stars may have the best shot at winning the title than any team in years and if they can get some pitching, watch out! The youngsters seem to be loaded with hitters and shouldn't have any trouble scoring runs, so, if one of the team's three pitchers can come through a trip to state may

The 14-15 Year Old Babe Ruth team has been hard at work for over a week and from early reports the squad is beginning to take shape. The allstars are loaded with pitchers, no less than seven players on the 15-man roster have pitched, and if the players can hit the ball and play good defense they could very well have a shot at a return trip to state, who knows! The 13-year olds play next week in Opp in District action, while the 14-15 year olds and the Dixie Youth squad will play at the same time, with the DYL team hosting the tourney and the Babe Ruth squad traveling to Andalusia. I know it will be hard to watch both teams at the same time, but at least make an attempt to go out and watch a couple of games to let the players know you are proud of them and are pulling for'em!

SANDERS DISAPPOINTED, BUT ENJOYED TRIP

Elba's Troy Sanders didn't get to play in the recent Alabama-Mississippi football game in Mobile and I'm sure he was disappointed, but that didn't stop him from having a good time! Troy spent over a week in Mobile enjoying all the banquets, attending balls with girls from the Magnolia Trail and taking tours, and also brought home his game jersey, souvenirs and the official game watch. I know Troy would have liked to play, but at least he got to take part in the activities as an honored member

Thunderstorms Can Be Deadly To All Boaters

to "Know Before You Go." Listen to weather reports before leaving

weather while on the water.
Alabama Marine Police officers say thunderstorms usually travel from west to east, so boaters should keep an eye on the western sky. However, since summer har then blocks an approaching storm from the view of those on water, boaters should stay tuned to their radios. Continuous weather reports can be heard on VHF radio channels. Even when VHF is not available, boaters listening to AM radio channels will dio when storms are in the area.

Police offer these suggestions to boaters caught in foul weather: 1. Reduce speed, proceed with caution nearest shore that is safe to ap-

A RESOLUTION

RESOLVED, That on behalf of the members of the Elba Chapter #323, Order of the Eastern Star, these resolutions be adopted as a tribute to the memory of our beloved sister, LOUISE THOMAS, in whose death on May 22, 1988, we have lost one of our most beloved members.

Her graciousness, sympathy, and unfailing kindness endeared her to her associates; while her strength of character, sincerity, and high ideals won their genuine respect.

Our deep sympathy for the members of her family mingles with our own sorrow at the loss of one whose death robs both her home and the chapter of a gracious and inspiring presence.

RESOLVED FURTHER, that a copy of these resolutions be included in the minutes of the chapter, and that a copy be published in the local newspaper, and that a copy be sent to the family as an expression of our sympathy in the great loss sustained in her death. THIS the 24th day of May, 1988.

> Evelyn W. Hocutt, Worthy Matron M.W. Johnston, Worthy Patron Felicia Revel. Secretary
